## **SUPERINTENDENT'S REPORT**

---

To the School Board of Middleton:

I herewith submit my fourth annual report as superintendent of schools.

Democracy is challenged today as never before. School, church and home form the triangle on which our safety rests. The triangle is a rigid figure and is used much in the construction of foundations of heavy structures. If any side is imperfect the foundation gives way and the structure falls.

Homes and churches should be very active in building characters for worthy citizenship. Our immediate task lies in the schools in which teachers work so many days each year. We have comfortable buildings and good materials in a land at peace. We should do much. People in European countries are dying and the children growing up in ignorance. The children of America must save the world for Freedom and Democracy.

We must train for sound bodies, so we teach health lessons, we provide healthful conditions and outdoor playgrounds, and we have nurses and doctors to check up and correct defects.

We must train for mechanical skills for trades and industries. Our immediate defense program is calling loudly for workers with intelligent manual ability. It would be very wise to have some manual and domestic arts work in our schools, seeking to train hand as well as mind.

We must train for governmental tasks, so we have classes in History and Government and discussions on Current Events which are very much alive in these days.

We must train for the finer arts, so we have music and drawing and poetry. We sing patriotic songs, we salute the flag, and we try with all to appreciate the fact that our home country is free and prosperous because others struggled and worked and suffered for us.

We must teach scientific knowledge of plant and animal life and the laws of nature about us, so we have nature lessons and science lessons and try to understand the new ways of living and working.

America marches on! What shall be her fate? The children must take over in the near future.

Our schools have been going well this year. We are seeking to raise the standard of scholarship. Most of our graduates go to high school and we are anxious for them to have the best possible preparation. We hope more boys and girls from Middleton will go beyond high school to advanced study. It has long been true that the country furnishes a large part of the leaders in state and national life.

At present there are eleven pupils at the Corner School and eighteen at the Ridge.

Some fine improvements have been made this year. The Corner School has been painted inside and out and a new door and sill placed. Inside, a sink has been installed and a spacious book closet built. Toilets have also been painted and improved. At the Ridge the shed door has been replaced and shingles repaired.

Other improvements are planned for next year, including the painting of the Ridge schoolhouse outside, shingling at the Corner and some screens. It is a fine plan to make some advance each year and keep property in good repair constantly. I appreciate the voluntary

help given by citizens to make these accomplishments possible.

Health work is in the care of Mrs. Irene Jones whose report is appended. More attention should be given to correction of defects which the health inspection reveals.

Last June we graduated a class of four: Arthur Kinney, Janet Bullis, Joseph Grace and Thelma Tufts.

The following entered or returned to high school from Middleton last September.

John DiPrizio	Fred Tufts
Prisco DiPrizio	Clarence Jenness
Anna Kimball	Arthur Kinney
Alden Jenness	Janet Bullis
Harvey Titcomb	

For the year ending June 30, 1940, we had an average attendance of 26.19, an average membership of 27.33 and a per cent of 95.82.

### **Roll of Perfect Attendance**

Ridge School—Evelene L. Stevens.

Corner School—Neil Bullis, Carlyne Cook.

In conclusion, I wish to thank school board, teachers, pupils and citizens for cordial cooperation.

Respectfully submitted,

F. W. JACKSON,

Superintendent of Schools.

February, 1941.

**REPORT OF SCHOOL NURSE**

---

Number of children given health examination by nurse, 30.

Defects found:

Underweight .....	3
Overweight .....	1
Nervious .....	1
Vision .....	3
Speech .....	1
Enlarged Tonsils .....	8
Defective Tonsils .....	4
Temporary Teeth .....	24
Permanent Teeth .....	3

Two children were corrected to glasses.

Five children received chest examinations at Dr. Kerr's clinic in Rochester.

There were no epidemics this year.

Home visits made in behalf of school children, 10.

A pre-school clinic was held in town hall.

Twelve children were examined. Three received Diphtheria toxoid.

Once more I wish to extend my appreciation to all who have helped toward the health of the children.

Respectfully submitted,

IRENE JONES,

School Nurse.
